

Road to Recovery's "Sustainable Recovery of North American Birds" Workshop Schedule

Note: all times in Eastern Standard Time

Tuesday, January 16th		
All Day	NCTC	Arrival of Workshop attendees and check-in to lodging room
5:30 - 7:30 pm	Dining Area	Dinner and check-in with Workshop organizers
7:30 - 8:30 pm		Evening Social Activity

Wednesday, January 17th			
6:30-7:45 am	Dining Area	Breakfast	
8:00-8:10am	Robert Byrd Auditorium	Opening remarks by Paul Schmidt (Director of Road to Recovery)	Sessions Available Virtually
8:10-8:45am	Robert Byrd Auditorium	Plenary talk by Lynn Scarlett (Former Deputy Secretary of the Department of Interior. Executive for The Nature Conservancy), "Blending Science and Action: Imperatives for Bird Conservation"	
8:50-9:50 am	Robert Byrd Auditorium	Panel: Integration of Biological and Social Science for Species Recovery	
9:50-10:00am		Break (light snacks available 9:30-10:30am)	
10:00-10:45 am	Robert Byrd Auditorium	Presentation: Identifying and Addressing Causes of Decline: A Gap Analysis	
10:50-11:45am	I-East Room #201	Breakout Session A: Bird conservation on working lands: engaging private landowners in solutions that benefit birds and people (Part 1)	See PDF for breakout session descriptions
	I-East Room #111	Breakout Session A: R2R Gap Analysis: Deep Dive and Feedback Session	
	I-East Room #105	Breakout Session A: Understanding wildlife viewers and their potential to support conservation	
	I-East Room #103	Breakout Session A: Building transformative resiliency for the people in bird conservation efforts	
11:45-1:00pm	Dining Area	Lunch	

Wednesday, January 17th			
1:00-2:30pm	I-East Room #201	Breakout Session B : Bird conservation on working lands: engaging private landowners in solutions that benefit birds and people (Part 2)	See PDF for breakout session descriptions
	I-East Room #111	Breakout Session B : Scaling up from species to landscapes-implementation and delivery	
	I-East Room #107	Breakout Session B : Nudges and Norms: Behavior Change for Bird Conservation	
	I-East Room #103	Breakout Session B : Leveraging Integrated Population Models and Alternatives to Fill Knowledge Gaps and Inform Species Recovery Planning	
	I-East Room #105	Breakout Session B : Co-Producing Science with Communities of Practice to Overcome the Research to Implementation Gap	
2:30-3:00pm		Break (light snacks available 2:00-3:30pm)	
3:00-4:00pm	Robert Byrd Auditorium	Panel : Identifying Human Dimensions Connections and Private Lands Conservation Opportunities	Session Available Virtually
4:00-4:15pm		Break	
4:15-5:15pm	Classrooms	Group discussion and work time	
5:15-5:30pm		Break	
5:30-6:30pm	Dining Area	Dinner	
6:30-7:00pm	Lounge	Social networking	
7:00-8:00pm	Robert Byrd Auditorium	Evening speaker : Peter Kaestner (Diplomat, U.S. Department of State; retired), "Zero to 9900, A lifetime of Birding"	Session Available Virtually

Thursday, January 18th			
6:30-7:45 am	Dining Area	Breakfast	
8:00-8:45am	Robert Byrd Auditorium	Plenary talk by Tammy VerCauteran (Executive Director for Bird Conservancy of the Rockies), "Building a Diverse Coalition for Multiple Species Recovery"	Sessions Available Virtually
8:50-9:50 am	Robert Byrd Auditorium	Panel : Pilot species working groups at different stages of their understanding	
9:50-10:00am		Break (light snacks available 9:30-10:30am)	
10:00-10:45 am	Robert Byrd Auditorium	Panel : Focusing Species Working Groups on Recovery through the R2R Process	
10:45-11:45am	Robert Byrd Auditorium	Panel : Conservation decision-making with incomplete information (focused on sustainable recovery)	
11:45-1:00pm	Dining Area	Lunch	

Thursday, January 18th			
1:00-2:30pm	I-East Room #111	Breakout Session C : Making International Collaborations Successful (Partnerships across the full life cycle & flyways)	See PDF for breakout session descriptions
	I-East Room #107	Breakout Session C : Filling Knowledge Gaps: Current Tools & Future Directions	
	I-East Room #201	Breakout Session C : R2R and Multi-species/Ecosystem Approaches to Species Recovery	
	I-East Room #105	Breakout Session C : The Ecology of Trust: Building the Foundation for Successful Conservation Partnerships	
	I-East Room #103	Breakout Session C : Leveraging Social Science Data and Insights to Make Conservation Delivery Decisions	
2:30-3:00pm		Break (light snacks available 2:00-3:30pm)	
3:00-4:00pm	I-East Room #111	Breakout Session D : Motivations and Barriers to participation in conservation programs by historically underserved groups	See PDF for breakout session descriptions
	I-East Room #103	Breakout Session D : Communications: Together, How We Can Build Momentum for Recovery of Tipping Point Species?	
	I-East Room #107	Breakout Session D : Conservation Standards: Yet another annoying fad, or can this planning, implementation and learning framework actually improve our conservation impact?	
	I-East Room #201	Breakout Session D : Effective Practices for Species Working Groups	
	I-East Room #105	Breakout Session D : Navigating Migratory Bird Conservation across Cultures	
4:00-4:15pm		Break	
4:15-5:15pm	Classrooms	Group discussion and work time	
5:15-5:30pm		Break	
5:30-6:30pm	Dining Area	Dinner	
6:30-7:00pm	Lounge	Social networking	
7:00-8:00pm	Robert Byrd Auditorium	Evening speaker: Drew Lanham (Alumni Distinguished Professor of Wildlife Ecology and Master Teacher at Clemson University), "Range Mapping and the Art of Identifying with Birds - Heart and Mind Convergence for Bird Conservation"	Session Available Virtually

Friday, January 19th			
6:30-7:45 am	Dining Area	Breakfast	
8:00-8:45am	Robert Byrd Auditorium	Plenary talk by Plenary: Lisa Sorenson (Executive Director for Birds Caribbean), "Lessons learned from 30+ years of diverse partnerships for conservation across the Caribbean"	
8:50-9:50 am	Robert Byrd Auditorium	Panel: Diverse Perspectives on Partnerships	
9:50-10:00am		Break (light snacks available 9:30-10:30am)	
10:00-10:45 am	Robert Byrd Auditorium	Plenary talk by Aurelio Ramos (Senior Vice President for Audubon Americas), "Elevating our Conservation Impact for Birds Across the Americas"	
10:45-11:30am	Robert Byrd Auditorium	Panel: Looking to the future - defining and tracking recovery	
11:30-12:00pm	Robert Byrd Auditorium	Closing remarks by Pete Marra (Dean of the Earth Commons and Laudato Si' Professor of Biology and the Environment at Georgetown University)	

Sessions Available Virtually
